

Humic Substances Research

Vol.10 No. 1 2013

Japan Humic Substances Society

CONTENTS

Review

- Investigations of environmental changes based on chemical
analyses of humic substances ······ 1
M. Kawahigashi, K. Ono, Y. Iimura and N. Fujitake
-

Original Papers

- Production and characterization of humic-like substances
from pyrolyzed plant materials by chemical oxidation ······ 11
N. Sultana, K. Ikeya, Y. Sugiura, G. Lu, K. Saito and A. Watanabe
-

- Report on the 28th Annual Conference of Japan Humic Substances Society ······ 21
Information for the JHSS-29 Annual Meeting ······ 27
-

- Information: @Standard Samples of Humic Acid and Fulvic Acid ······ 30
Membership ······ 31
Instructions for Authors (Japanese) ······ 32
Instructions for Authors (English) ······ 34
Admission to the Society ······ 36
