

Humic Substances Research

Vol. 16/17 No. 1 2021

Japan Humic Substances Society

CONTENTS

Foreword	
Original Paper	
The Effect of Humic Acids on the Phototoxicity of Benzo[a]pyrene to the Alga, <i>Pseudokirchneriella subcapitata</i>	2
Y. Yanagi, Y. Ochi, T. Kobayashi	
Effects of Soil Minerals on Carbon Stability in the Mangrove Soil of the Oura River, Japan	15
K. Kinjo and T. Ohtsuka	
Report of the 34th Annual Conference of Japan Humic Substances Society	23
Program of the 34th Annual Conference of Japan Humic Substances Society	24
Abstract of award-winning poster, the 34th Annual Conference of Japan Humic Substances Society	28
Report of the 35th Annual Conference of Japan Humic Substances Society	30
Program of the 35th Annual Conference of Japan Humic Substances Society	32
Abstract of award-winning poster, the 35th Annual Conference of Japan Humic Substances Society	36
Abstract of award-best presentation, the 35th Annual Conference of Japan Humic Substances Society	38
Information: @Standard Samples of Humic Acids and Fulvic Acids	40
Membership	41
Instructions for Authors (Japanese)	43
Instructions for Authors (English)	45
Admission to the Society	47
