29th PCRC/GSICS International Law Seminar

Arctic Ice Geoengineering

北極氷のジオエンジニアリング ～海洋法と先住民の権利を中心に～

This presentation explores the question Arctic sea ice geoengineering through the lens of the international law of the sea and the rights of Indigenous Peoples. It examines how speculative climate interventions intersect with evolving legal regimes, including the United Nations Convention on the Law of the Sea (UNCLOS) and Indigenous rights and governance frameworks.

Speaker : Dr. Romain Chuffart

May 13th Tuesday 13:20~14:50

Venue : GSICS 6th floor Simulation Room

This seminar is held in English.

Dr. Romain Chuffart

Romain is currently the Nansen Professor in Arctic Studies at the University of Akureyri (Iceland). He received his PhD in law from Durham University (UK) in 2023. He is also the Managing Director of The Arctic Institute – Center for Circumpolar Security Studies, a nonprofit organization based in Washington, D.C. (USA). He was a Kobe PCRC research fellow for 5 months from Oct. 2018 to March 2019.
